Health Flexible Spending Accounts

What is a Health Flexible Spending Account?

A Flexible Spending Account is an employer-sponsored benefit that allows you to pay for certain out-of-pocket medical expenses (such as doctor office co-pays and prescription co-pays) with your pre-tax income. Because this benefit uses pre-tax dollars, a Flexible Spending Account is a great way for you to save money on your healthcare costs, as well as increase your take home pay!

What are the benefits of an FSA?

With an HRPro FSA, you can save on a wide variety of everyday medical, dental, vision and other expenses. It's a **TAX BREAK** that is simple to use. Your contributions to your FSA are taken out **BEFORE** taxes and that's how you save – you do not pay taxes on your FSA contributions!

An employee making \$40K salary, with a \$2,000 contribution and 30% tax rate can have a net savings of almost \$600 per year!

One of the best perks of an FSA is that your funds are available at the start of the plan year. That means, if you have expenses at the start of the year, you don't have to wait until all contributions have been made to use your funds. You can use FSA immediately to help cover costs.

You can also use your funds to cover the costs of your spouse, dependents and adult children (through the age of 26).

Use for eligible healthcare services and expenses for you, your spouse and dependents such as:

- Co-Insurance
- Drug and Medical Supplies
- Dental Care, Orthodontics
- Vision Care, Eye Surgery
- Lab and Physician Fees

Frequently Asked Questions

How Much Can I Contribute?

Pre-tax reimbursements of qualified health care expenses are set each year by the IRS (Internal Revenue Service) and can vary by plan.

What should I consider when deciding how much to deposit into the Health Care Reimbursement Account?

Consider how much you have spent in the past year for expenses not covered by a health benefit plan. Also, consider the medical plan option in which you will enroll. If your option contains an annual deductible and coinsurance feature, direct a portion of your earning into the Reimbursement Account so you can be reimbursed for these expenses with tax-free dollars.

There are several ways to get reimbursed for your flexible spending account claims. Talk to your employer about frequency and method of payment your group has opted for.

Is there a deadline for filing Health Care Reimbursement claims
